Wireless Network Request for Proposal (RFP)

The following access request is submitted by USD 325 Phillipsburg. The request is for wireless network coverage in each attendance center. This posting does not preclude the constituent's rights or responsibilities to pursue alternate avenues of procurement.

This RFP posting on the USD 325 website (<http://www.usd325.com>) acts as notice to all providers, known or unknown to USD 325, of USD 325's need for wireless access coverage.

All service and/or equipment contracts resulting from proposal responses, are strictly between USD 325 and the chosen local provider. Final choice of providers is the responsibility of the USD 325.

Questions regarding this request may be emailed to Jackie Baumgartner, (jbaumgartner@usd325.com) District Technology Coordinator, 410 S. Seventh, Phillipsburg, KS 67661.

RFP Number: 12-13 **Opening Date:** 12/05/2011 **Closing Date:** 01/18/2012

Customer: USD 325 Phillipsburg, 240 S. Seventh, Phillipsburg, KS 67661

Statement of Work:

Purpose – Obtain high-density wireless coverage with sufficient range, strength/load capability and stability to support 1 to 1 laptop and mobile device deployments throughout each of the three attendance centers (Elementary, Middle and High Schools) in the district. **A physical walk-through and mapping of all attendance centers is required by a provider's representative/technician for any vendor submitting a proposal.**

Equipment/Service– Access Points (minimum specs Cisco Aironet 1260 or comparable), controller, management software and configuration, all necessary cables and parts for complete connection and installation with testing and confirmation of power, range of coverage, strength, load capability/density adjustment and stability upon completion of installation.
