PHILOSOPHY AND PURPOSE

In order for students to grow and learn, a safe and orderly environment must exist within our school. The high school administration and faculty have high expectations regarding appropriate behavior of students. The discipline handbook guidelines are approved and supported by the USD 325 Board of Education.

Parents and students are encouraged to read the handbook and be familiar with the infractions and consequences for violation of infractions contained within. Policies and procedures outlined in this handbook are intended as a guide to cover most but not all situations that arise. **School officials have the authority to exercise discretion in applying policy to individual cases.**

LOCKER SEARCHES

School Lockers are school property; therefore, the high school reserves the right to search student lockers at any time, for any reason.

CANINES

USD 325 will use canines for an unspecified number of visits by trained dogs. Please be aware that these dogs are trained to detect a wide range of illegal drugs and weapons—including, but not limited to—gunpowder, narcotics, alcohol, and over-the-counter medications. Detection of illegal items will be referred to law enforcement.

DISCIPLINE HANDBOOK NOTES

Disciplinary consequences commonly used in schools include: time-out, detention, assignment to a study carrel, writing assignments, community/school service, restitution, required apologies, exclusion from extracurricular activities, exclusion from a particular class, counseling, in-school suspension, and out-of-school suspension. School officials have the authority to exercise discretion in their choice of consequences. The disciplinary consequence chosen to use with a particular student in a particular situation should be reasonable and designed to change a student's behavior. The consequence should also promote a safe and orderly learning environment.

Parents play an important role in the disciplinary philosophy of Phillipsburg High School. We need your help regarding your student's behavior. If we work together, we can be more successful in teaching appropriate behavior. Parents will be contacted when students receive a suspension for their behavior.

Behavior Points are assigned for various violations. If a student accumulates 10 points in a semester or 15 points in a year, a LTS hearing will be held for that student. In the case where several violations are committed, all Behavior Points will accumulate. Points will start at zero every school year.

ISS is shorthand for in-school suspension. In-School Suspension is defined as 1-10 days in school.

OSS is shorthand for out-of-school suspension. Short-Term Suspension is defined as 1-10 days.

Expulsion is a suspension that can last for a maximum total of 186 school days.

APPENDIX A

USD 325 STUDENT DRUG TESTING POLICY

The Phillipsburg USD 325 Board of Education, in an effort to protect the health and safety of its students from illegal and/or performance-enhancing drug use and abuse or injuries resulting from the use of drugs/alcohol, and to set an example for all other students of USD 325, has adopted the “Student Drug Testing Policy” for drug testing of students participating in or attending school sponsored activities. The USD 325 Board of Education recognizes that all students have certain personal rights of privacy guaranteed by our federal and state constitutions. This policy will not infringe on those rights.

STATEMENT OF PURPOSE AND INTENT

- A. It is the desire of the USD 325 Board of Education, administration, and staff that every student in the USD 325 School District refrain from using, possessing, or distributing illegal drugs and/or alcohol. The actions of this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in or attend school sponsored activities. This policy is intended to supplement and complement all other policies, rules, and regulations of USD 325 regarding possession and/or use of illegal drugs and/or alcohol.
- B. Participation in or attendance at school sponsored activities is a privilege. Accordingly, students participating in or attending school sponsored activities carry a responsibility to themselves, their fellow students, their parents, and their school to set the highest possible examples of conduct, which includes avoiding the use or possession of illegal drugs and alcohol.
- C. The purpose of this policy is to prevent illegal drug use and to strive within USD 325 to create an environment free of illegal drug use and abuse. The sanctions of this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in or attend school sponsored activities. No academic sanction for violation of this policy will occur, except to the extent that a violation of this policy would also constitute a violation of the school’s discipline policy. If the school’s discipline policy regarding drug/alcohol use is violated, the student will be subject to the penalties of the discipline policy.
- D. The purpose of this policy is to prevent drug/alcohol use; educate students as to the serious physical, mental, and emotional harm caused by drug use; alert students with possible drug problems to the potential harms of use; prevent injury, illness and harm as a result of drug use; and to maintain in the school district an environment free of drug use and abuse. USD 325 has adopted this policy for use by all students participating in or attending school sponsored activities in grades 7 -12.

DEFINITIONS

SCHOOL SPONSORED ACTIVITIES – those activities that take place outside the regular course of study in school and those students involved in those activities including all USD 325 sponsored athletics and activities and interscholastic athletics and activities. Examples would include, but not be limited to, competitive athletics, cheerleading, clubs, organizations, school-sponsored dances, music programs, and graduation.

DRUG USE TEST – a scientifically substantiated method to test for the presence of illegal drugs, performance-enhancing drugs, alcohol, or the metabolites thereof in a person’s urine, saliva, hair, or breath.

ILLEGAL DRUGS – any substance that an individual may not sell, possess, use, distribute, or purchase under either federal or Kansas law. Examples would include, but not be limited to, all scheduled drugs as defined by Kansas law, all prescription drugs obtained without authorization, and all prescribed and over-the-counter drugs being used for an abusive purpose, as well as alcohol and vaping devices.

PERFORMANCE-ENHANCING DRUGS – includes anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed, or other athletic ability. Dietary or nutritional supplements such as vitamins, minerals, and proteins that can be lawfully purchased in over-the-counter transactions are not included in the term “performance-enhancing drugs.”

POSITIVE RESULT – a toxicological test result that is considered to demonstrate the presence of an illegal or a performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test. “Positive” when referring to an alcohol test administered under this policy means a breathalyzer test result that is considered to demonstrate the presence of alcohol.

REASONABLE SUSPICION – means a school employee’s suspicion based on specific personal observations concerning the appearance, speech, or behavior of a participating student, and reasonable inferences drawn from those observations in light of experience. Information provided by a reliable source, if based on personal knowledge, shall constitute reasonable suspicion. In the context of performance-enhancing drugs, reasonable suspicion could also include unusual increases in size, strength, weight, or other athletic abilities. All observations, sources, and personal information will be weighed by school employees on a case-by-case basis.

RANDOM SELECTION – each participant who has returned a signed consent form will be assigned a random number for testing purposes. The participant’s drug test number will be used by the laboratory, which conducts the drug tests, to select the participants to be tested.

SCHOOL DAYS – Days that school is actually in session in USD 325.

ACTIVITY DAYS - Days that USD 325 actually has a school sponsored activity (including weekends).

EDUCATION

The school shall provide a drug policy education session for students. The session will include an explanation of the “USD 325 Student Drug Testing Policy.” In addition, it is recommended that each coach/sponsor conduct a player and parent meeting that will include expectations with respect to the use of illegal drugs/alcohol by participants. Parental attendance is strongly encouraged at each session. Each student will be provided a copy of the policy and consent form.

PROCEDURE

- A. Each student in school sponsored activities shall receive copies of the “Student Drug Testing Consent Form” which shall be read, signed, and dated by the student and parent and/or guardian. All students wanting to participate in or attend school sponsored activities must sign the consent form. This form must be returned to the office within the first three (3) days of school or their first three (3) days enrolled. Failure to turn in the properly signed consent form within the time limits set forth in this policy will keep a student from participating

in or attending school sponsored activities. Transfer students will be placed in a testing pool within one week of their enrollment date in USD 325 schools so long as this form is completed and turned in.

- B. Students will be required to provide test samples as follows. Initial test will be hair or oral swab and the follow-up test will be urine. A USD #325 employee will be present at all times. In the case of a hair sample, the parent will be notified and can be present, or the parent can designate a representative to be present.
 - On a random selection basis, a list from all students in the testing pool will be drawn to provide a sample.
 - The designee will clip the required amount of hair from the student and place it in an envelope. The student will witness the sealing of the envelope, confirm his/her identification number and verify accuracy by initialing the envelope. The clippers or scissors must be wiped with an alcohol wipe before and after each collection.
 - At any time requested by the administration, based upon reasonable suspicion.
- C. Any drug use test required by USD 325 under the terms of this policy will be administered by, or at the discretion of a professional laboratory chosen by USD 325, using scientifically validated toxicological methods. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the specimens, proper laboratory control, and scientific testing.
- D. Students attending school sponsored activities may be required to submit to an alcohol breathalyzer test prior to entry to determine the presence of alcohol or at any time requested by administration.
- E. All aspects of the drug-testing program, including the taking of specimens, will be conducted in a manner to safeguard the personal and privacy rights of students to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure.
- F. If the initial drug test is positive, the initial test result will then be subject to confirmation by a second test. The second test shall not be reported positive unless the second test is positive for the presence of an illegal drug or metabolite thereof.
- G. If the second test confirms a positive result the laboratory will report the results to the Designated Employee Representative. The lab will then be responsible for contacting the parents of the student with the results and will solicit information regarding any medications the student may be taking. If needed, the school will contact a certifying scientist, at the laboratory, regarding any drug interactions. If requested, a Medical Review officer is available to confirm the results and report the findings to the designated Employee Representative.
- H. The school district will rely on the professional opinion of the laboratory that performs the confirmation test in determining whether the positive test result was produced by something other than the consumption of an illegal drug, performance-enhancing drug, or alcohol. The principal and superintendent will make the decision within three (3) working days.
- I. The decision may be appealed in writing to the USD 325 superintendent within three (3) working days. The superintendent will make a written decision within three (3) working days. However, the student will need to pass a second test within two months of the suspension to maintain participation privileges. The cost of the retest will be the obligation of the student or the parent/guardian.

VIOLATIONS

Any student who tests positive in a drug/alcohol use test under this policy shall be subject to the consequences listed below. Violations under this drug testing policy are cumulative throughout 2 years, grades 7-12 and start over every two (2) school years.

- 1ST OFFENSE – The student shall be suspended from participation in or attending all school sponsored activities including all performances and competitions for a period of thirty (30) school/activity days. During this time it is recommended that the parent/guardian obtain a substance abuse evaluation and education/counseling for the student. If the student and/or parent/guardian can provide proof of enrollment and regular attendance at a school approved substance abuse program, the suspension will be reduced to fifteen (15) school/activity days.
- 2nd OFFENSE - The student shall be suspended from participation in or attending all school sponsored activities, including all performances and competitions, for a period of ninety (90) school/activity days. During this time it is recommended that the parent/guardian obtain a substance abuse evaluation and education/counseling for the student. If the student and/or parent/guardian can provide proof of enrollment and regular attendance at a school-approved substance abuse program, the suspension will be reduced to fifty (50) school/activity days.
- SUBSEQUENT OFFENSES – The student shall be suspended from participation in or attending all school sponsored activities, including all performances and competitions, for one hundred and eighty (180) school/activity days.

REFUSAL TO SUBMIT TO A DRUG TEST

Any student in the pool who refuses to submit to a drug/alcohol test authorized under this policy shall be considered “POSITIVE” for drugs and be subject to the appropriate suspension as stated previously in the USD 325 Student Drug Testing Policy.

TRANSFER STUDENTS

Any student transferring to USD 325 who wishes to participate in or attending school sponsored activities must have a signed “Student Drug Testing Consent Form” on file with the principal’s office within three (3) school days of his/her initial enrollment.

DISCLAIMER

The Phillipsburg USD #325 Student Drug Testing Policy does not supersede the student handbooks of Phillipsburg High School with regard to students found to be in possession of, using, providing, or under the influence of illegal substances or alcohol while on school property or at a school activity (home or away). Therefore, a student who violates the policy as set forth in the student handbooks should expect further consequences as deemed appropriate by the building principal.

ATTENDANCE POLICY

Research shows that the single greatest factor contributing to student achievement is attendance at school. Although we realize that there will be occasions when students legitimately need to be gone from school, it is the combined responsibility of the school officials, students, and parents to see that these absences are kept to a minimum.

Absences

Once a student has accumulated ten absences (excused or unexcused) per semester, any additional absences will be considered unexcused and handled as an unexcused absence, including vacations or trips. Exceptions to this policy are absences, which can be verified by a physician, and other situations which the administration has determined to be emergencies. Disciplinary action will be taken as a result of an unexcused absence. The student will be required to make up unexcused time beyond the ten absences. This will be determined by the administration. If a Senior has unexcused absences beyond the ten absences, he/she will be required to make up the time prior to graduation.

Note: This policy does NOT automatically excuse a student for his/her first ten absences from school, as the administration has the final authority to determine whether or not any absence will be excused.

Acceptable Reasons for Excused Absences (by phone or note)

1. Personal illness
2. Serious illness or death of a member of a family member
3. Emergencies calling for the student's services or presence at home
4. Obligatory religious observations
5. Participation in a district-approved or school sponsored activity.
6. College/post secondary school visitation for seniors (4 days) and for juniors (2 days) if arranged through the counseling office.

Again, school administrators will have the final authority to determine whether or not an absence is excused.

Consequences for Unexcused Absences

1 Period	1 Detention
2-3 Periods	2 Detentions
4-5 Periods	3 Detentions
6-7 Periods	4 Detentions
8 Periods	5 Detentions
