

PHILLIPSBURG MIDDLE SCHOOL

STUDENT INFORMATION HANDBOOK

2025-2026

PHILOSOPHY AND PURPOSE

In order for students to grow and learn, a safe and orderly environment must exist within our school. The middle school administration and faculty have high expectations regarding appropriate behavior of students. The discipline handbook guidelines are approved and supported by the USD 325 Board of Education.

Parents and students are encouraged to read the handbook and be familiar with the infractions and consequences for violation of infractions contained within. Policies and procedures outlined in this handbook are intended as a guide to cover most but not all situations that arise. **School officials have the authority to exercise discretion in applying policy to individual cases.**

Locker Searches

School lockers are school property; therefore, the middle school reserves the right to search student lockers at any time, for any reason.

Class Schedules

There are no changes in class schedules after the 2nd full day of each semester. There is no dropping band after the start of the 2nd semester.

Academic Letter

Each student in grades 7 and 8 will be eligible to receive an academic letter based upon the following criteria: in the Middle School, a student must maintain at least a 3.5 grade point average for each of the four quarters in a school year. (This criteria is exactly what is required at the Middle School to be on the Blue and Gold Honor Roll.)

Attendance- See Appendix B for the full policy and discipline guidelines.

Regular attendance is essential for maintaining growth in the educational process. Students can make up the paperwork missed when absent, but will miss the discussions and other classroom learning activities which are equally important.

All P.M.S. Students are required, by Kansas Law, to be regular in attendance. Attendance is a parent/student responsibility. The average attendance rate at Phillipsburg Middle School is about 96%. Parents will be contacted when absentees are adversely affecting a student's academic progress. An absence is defined as missing two or more class periods in one school day. The building principal, in consultation with the Superintendent, may require medical or other supportive evidence of absences.

We expect our students to be in school each day unless excused for:

1. illness
2. medical treatment
3. family crisis/events
4. school activities
5. Or absences expressly requested by the parent/guardian with prior arrangements made with the principal

All other absences will be considered unexcused. Once a student has accumulated ten absences (excused or unexcused) per semester, any additional absences will be considered unexcused and handled as an unexcused absence. Exceptions to this policy are absences, which can be verified by a physician, and other situations which the administration has determined to be emergencies. A student is TRUANT when they have accumulated unexcused absences for three (3) consecutive days, five (5) days in one semester, or seven (7) days in one school

year. The school principal is required to report truancy to the Kansas Department of Children and Families (DCF) or to the Phillips County District Court for non-compliance with the Kansas Compulsory School Attendance Law.

Phone Calls

For the safety and welfare of our students, we request parents to call the school at 543-5114 at 7:45 a.m. to report student absences for the day. Students will be marked unexcused if we do not receive notification of an absence by 9:00 a.m. We may call parents at home or work to confirm the absence if we do not receive a phone call. Cell phones are allowed at school but must be turned off and kept in the student's book locker. Cell phones may be used before and after school only.

Student Behavior Code and Point System

DISCIPLINE HANDBOOK NOTES

Disciplinary consequences commonly used in schools include: time-out, detention, writing assignments, community/school service, restitution, required apologies, exclusion from extracurricular activities, exclusion from a particular class, counseling, in-school suspension, and out-of-school suspension. School officials have the authority to exercise discretion in their choice of consequences. The disciplinary consequence chosen to use with a particular student in a particular situation should be reasonable and designed to change a student's behavior. The consequence should also promote a safe and orderly learning environment.

Parents play an important role in the disciplinary philosophy of Phillipsburg Middle School. We need your help regarding your student's behavior. If we work together, we can be more successful in teaching appropriate behavior. Parents will be contacted when students receive a suspension for their behavior.

Behavior Points are assigned for various violations. If a student accumulates 20 points in a semester, a LTS hearing will be held for that student. Minor offenses such as Tardies will not count towards the LTS points. In the case where several violations are committed, all Behavior Points will accumulate. Points will start at zero every semester.

ODR is shorthand for Office Discipline Referral.

ISS is shorthand for in-school suspension. In-School Suspension is defined as 1-10 days in school.

OSS is shorthand for out-of-school suspension. Short-Term Suspension is defined as 1-10 days.

LTS is shorthand for Long-Term Suspension. The length of a Long-Term Suspension is generally recognized as the remainder of the present school year.

Expulsion is a suspension that can last for a maximum total of 186 school days.

Classroom Detentions are controlled by the individual teacher.

Office Detentions have the following parameters:

- 1) In general, office detentions can only be served after the school day has ended. (3:15-3:45 PM) If there are emergency circumstances, other arrangements can be made by the principal.
- 2) Students cannot be tardy to detention and must bring material to read or work on.
- 3) Failure to serve detention or follow detention guidelines may result in doubling the detention time or 1 day ISS for repeat offenders.
- 4) All detentions mentioned in this handbook are office detentions.

DISCIPLINE POLICY

The primary purpose of school is to provide a place and a process for students to gain knowledge. We expect our students to work to the limit of their individual abilities to reach their maximum learning potentials. Any student behavior that results in a negative influence on other students in their learning process or in the teacher's ability to teach shall be considered inappropriate and changes in that behavior will have to occur. Discipline is a process of causing a change of a learned behavior. Students will have an opportunity to change their behavior, which will eliminate any problems they are causing. Consequences will become more severe for students who refuse to fix the problem. A Discipline Matrix has been created and attached to the end of the handbook that lists infractions and disciplinary actions for each offense. The building principal has the final say and ability to vary disciplinary actions on all infractions on a case by case basis.

All students are primarily responsible to the teachers and supervisors for their behaviors inside and outside of their classrooms. Students who refuse to change behaviors or respond to the discipline program of teachers will be referred to the principal for appropriate consequences.

Students who are responsible school citizens are rarely affected by any discipline policy. Students who consistently violate the provisions of the Citizenship Code or normal rules of conduct will be subject to one or more of the following consequences:

- Loss of Privileges
- Loss of Free Time
- In-School Suspension
- After or Before School Suspension
- Out of School Suspension
- Saturday School
- Expulsion

Infractions which will almost always be referred to the principal are:

- Being disrespectful to any school employee
- Insubordination-refusing to follow directions
- Use or possession of drugs, alcohol or tobacco
- Vandalism
- Theft (stealing or possession of another's property without permission)
- Fighting or hazing
- Continuous class disruptions
- Obscene/vulgar language
- Refusing to cooperate with substitute teachers
- Use of cell phone to text, make calls, listen to music, etc.

Prohibited Behaviors—To maintain a positive learning environment at P.M.S. it is necessary to prohibit behaviors which cause:

1. disruptions in the hallways and classrooms
2. a safety concern
3. any damage to the school or school property

Behaviors which are prohibited are:

1. running in hallways
2. pushing or having hands on other people
3. fighting, scuffling or hazing
4. profanity
5. setting on or putting feet on furniture
6. yelling or being excessively loud
7. any verbal or physical abuse of other students, teachers, substitute teachers, or school employees
8. sexual harassment
9. teasing, name calling, or threatening other students
10. any cell phone use or carrying of cell phone
11. wearing/listening to headphones, earbuds, air pods, music in the hallway or class
12. carrying bags of any kind from class to class. These should be left in student lockers.

It is impossible to list every potential problem/disruption and every possible consequence. Infractions not specifically mentioned in this handbook or on the Discipline Matrix will be considered and dealt with on an individual basis.

General Classroom Rules:

1. Students are to take their seats upon entering the room.
2. All books, materials and homework for each class should be in your possession when entering the classroom.
3. Cheating is not an appropriate habit or value and will not be allowed.
4. Each teacher will establish rules on talking, pencil sharpening, etc., and you will need to adjust to each class and teacher.
5. Students are not allowed to leave the classroom until they are dismissed by the teacher, not the bell.
6. We expect respect for others' property and of our building.
7. No use of inappropriate language and put-downs.

DRESS CODE – Neatness and decency are emphasized as guidelines for the dress code. The principal shall make the final determination regarding the appropriateness of a student's appearance. Students who are inappropriately dressed will be sent to the office and will be required to change their clothing.

The board-approved dress code for school days and school activities (home/away events) is as follows:

- Appearance must be neat and clean
- Hair must be clean and well-groomed
- Facial hair must be trimmed and maintained
- Clothing must not be unreasonably soiled or badly worn
- Decency and good taste are required.
- Wearing apparel that is excessively short, tight, low-cut or revealing may not be worn. Midriff must be covered and undergarments should be covered.
- No hats, caps, or head coverings in any school buildings during the school day.
- Clothing that suggests illegal, immoral, vulgar, or uncomplimentary language or advertises drug, alcohol, or tobacco is prohibited at school or activities.
- Shoes or sandals that attach securely to the feet are required.
- Clothing that is loose or dangling is not permitted around machinery.

Any student involved in an extracurricular activity in which the student represents the district, shall dress in accordance with the sponsor's requirements, subject to approval by the administration.

DRESS CODE VIOLATIONS (1 Behavior Point)

Failure to dress appropriately at school or an activity during the school day is a violation.

- 1st Incident: Change to appropriate dress, missed class time to be made up after school & 1 Behavior Point.
2nd Incident: Same as above along with 1 detention & 1 Behavior Point.
3rd Incident: Same as above with 2-5 detentions & 1 Behavior Point.

ARRIVAL-DEPARTURE TIME – Students may not enter the building until 7:50 a.m. unless you have an appointment with a teacher or to eat breakfast from 7:40 – 7:55, so your arrival at school should be at 7:50 or slightly before. Exceptions are made during very severe weather to be in the entrance areas, but you are not to be in the main hallways or at your lockers or in the locker room before then. School dismisses at 3:13 and students are to leave the building and school grounds unless you are involved in after school activities or you have an appointment with a teacher.

EARLY DISMISSAL/LEAVING SCHOOL – When you arrive at school, **stay at school**. If you must leave for any reason, you must report to and check out with the office. Parents need to call or send a note requesting your early dismissal and this should be taken care of at 7:50 a.m. with the office secretary.

HOMEWORK (1 Behavior Point)

Students are responsible for completing all assigned work for each class. This may result in work to take home and complete on the student's time outside of the regular school day. Late homework is defined as any work not turned in at the beginning of the class period or after the teacher designates it as on time. Each teacher may have different procedures for students turning in homework. The following procedures will be used with late assignments:

1 Day Late: 10% off the completed work. The student will be required to stay after school 30 minutes or until the work is complete (whichever comes first). Students are responsible for contacting parents.

*Multiple late assignments in different classes result in the student staying a minimum of 30 minutes for the office to work towards completing the assignments.

2 Days Late: 20% off the completed work. The student will turn in work even if not complete for partial credit.

3 Days Late: 1 Behavior Point, Office Discipline Referral and 0% for all assignments not turned in.

*Multiple missing/late assignments or continued late work may result in detention or Saturday School.

*If late work is part of a past due make-up slip, points will be assigned only once.

Student Make-up Work

Students will be sent an online make-up slip after missing school for any reason, and are responsible for, and are required to complete all missed work on time. After their work is complete, students are responsible to acquire all signatures on the make-up slip for classes missed and notify the office when the make-up slip is complete.

Students receive two days to complete make-up work following one day of absence plus one additional day for each additional day of absence (Example: absent all day Monday, the make-up slip will be due at the end of the day Wednesday. Absent Monday & Tuesday, the make-up slip will be due at the end of the day Friday). Make-up slips will fall under behavior points for failure to complete it by the due date. All make-up work must be complete, make-up slip signed, and turned in to the office before students leave to attend as a participant in extracurricular activities.

Make-up Slip Study Hall (MUSH)

Students with a past due make-up slip will attend make-up slip study hall until 3:45 p.m. or when the make-up slip is completed, whichever comes first, the first day past due. A student will serve a detention each day after the make-up slip is due, for a maximum of three days, unless the make-up slip is completed. Bus students will have 1 day leeway to make transportation arrangements, if needed. Fridays are excluded.

Teachers need to sign up for at least two weeks of make-up slip study hall starting the second week of the school year. Office detentions may be served with the make-up slip study hall teacher. 8th grade students will not be required to complete make-up slips or attend MUSH unless they are failing two or more classes, or unless the principal determines otherwise.

MAKE-UP SLIPS

Consequences for late make-up slips:

USD 325 STUDENT DRUG TESTING POLICY

The Phillipsburg USD 325 Board of Education, in an effort to protect the health and safety of its students from illegal and/or performance-enhancing drug use and abuse or injuries resulting from the use of drugs, alcohol, tobacco, vaping devices, and to set an example for all other students of USD 325, has adopted the “Student Drug Testing Policy” for drug testing of students participating in or attending school sponsored activities. The USD 325 Board of Education recognizes that all students have certain personal rights of privacy guaranteed by our federal and state constitutions. This policy will not infringe on those rights.

STATEMENT OF PURPOSE AND INTENT

A. It is the desire of the USD 325 Board of Education, administration, and staff that every student in the USD 325 School District refrain from using, possessing, or distributing illegal drugs, alcohol, tobacco, and vaping devices. The actions of this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in or attend school sponsored activities. This policy is intended to supplement and complement all other policies, rules, and regulations of USD 325 regarding possession and/or use of illegal drugs, alcohol, tobacco, and vaping devices.

B. Participation in or attendance at school sponsored activities is a privilege. Accordingly, students participating in or attending school sponsored activities carry a responsibility to themselves, their fellow students, their parents, and their school to set the highest possible examples of conduct, which includes avoiding the use or possession of illegal drugs, alcohol, tobacco, and vaping devices.

C. The purpose of this policy is to prevent illegal drug use and to strive within USD 325 to create an environment free of illegal drugs, alcohol, tobacco, and vaping devices. The sanctions of this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in or attend school sponsored activities. No academic sanction for violation of this policy will occur, except to the extent that a violation of this policy would also constitute a violation of the school’s discipline policy. If the school’s discipline policy regarding drug/alcohol use is violated, the student will be subject to the penalties of the discipline policy.

D. The purpose of this policy is to prevent the usage of illegal drugs, alcohol, tobacco, and vaping devices; educate students as to the serious physical, mental, and emotional harm caused by drug use; alert students with possible drug problems to the potential harms of use; prevent injury, illness and harm as a result of drug use; and to maintain in the school district an environment free of drug use and abuse. USD 325 has adopted this policy for use by all students participating in or attending school sponsored activities in grades 7 -12.

DEFINITIONS

SCHOOL SPONSORED ACTIVITIES – those activities that take place outside the regular course of study in school and those students involved in those activities including all USD 325 sponsored athletics and activities and interscholastic athletics and activities. Examples would include, but not be limited to, competitive athletics, cheerleading, clubs, organizations, school-sponsored dances, music programs, and graduation.

DRUG USE TEST – A scientifically substantiated method to test for the presence of illegal drugs, performance-enhancing drugs, nicotine (including through its metabolite, cotinine), alcohol, or other metabolites in a person's urine, saliva, hair, or breath.

ILLEGAL DRUGS – any substance that an individual may not sell, possess, use, distribute, or purchase under either federal or Kansas law. Examples would include, but not be limited to, all scheduled drugs as defined by Kansas law, all prescription drugs obtained without authorization, and all prescribed and over-the-counter drugs being used for an abusive purpose, as well as alcohol, vaping devices, and tobacco products.

PERFORMANCE-ENHANCING DRUGS – includes anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed, or other athletic ability. Dietary or nutritional supplements such as vitamins, minerals, and proteins that can be lawfully purchased in over-the-counter transactions are not included in the term “performance-enhancing drugs.”

POSITIVE RESULT – a toxicological test result that is considered to demonstrate the presence of an illegal or a performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test. “Positive” when referring to an alcohol test administered under this policy means a breathalyzer test result that is considered to demonstrate the presence of alcohol.

REASONABLE SUSPICION – means a school employee's suspicion based on specific personal observations concerning the appearance, speech, or behavior of a participating student, and reasonable inferences drawn from those observations in light of experience. Information provided by a reliable source, if based on personal knowledge, shall constitute reasonable suspicion. In the context of performance-enhancing drugs, reasonable suspicion could also include unusual increases in size, strength, weight, or other athletic abilities. All observations, sources, and personal information will be weighed by school employees on a case-by-case basis.

RANDOM SELECTION – each participant who has returned a signed consent form will be assigned a random number for testing purposes. The participant's drug test number will be used by the laboratory, which conducts the drug tests, to select the participants to be tested.

SCHOOL DAYS – Days that school is actually in session in USD 325.

ACTIVITY DAYS - Days that USD 325 actually has a school sponsored activity (including weekends).

EDUCATION

The school shall provide a drug policy education session for students. The session will include an explanation of the “USD 325 Student Drug Testing Policy.” In addition, it is recommended that each coach/sponsor conduct a player and parent meeting that will include expectations with respect to the use of illegal drugs/alcohol by participants. Parental attendance is strongly encouraged at each session. Each student will be provided a copy of the policy and consent form.

PROCEDURE

- A.** Each student in school sponsored activities shall receive copies of the “Student Drug Testing Consent Form” which shall be read, signed, and dated by the student and parent and/or guardian. All students wanting to participate in or attend school sponsored activities must sign the consent form. This form must be returned to the office within the first three (3) days of school or their first three (3) days enrolled. Failure to turn in the properly signed consent form within the time limits set forth in this policy will keep a student from participating in or attending school sponsored activities. Transfer students will be placed in a testing pool within one week of their enrollment date in USD 325 schools so long as this form is completed and turned in.
- B.** Students will be required to provide test samples as follows. Initial test will be hair or oral swab and the follow-up test will be urine. A USD #325 employee will be present at all times. In the case of a hair sample, the parent will be notified and can be present, or the parent can designate a representative to be present.
- On a random selection basis, a list from all students in the testing pool will be drawn to provide a sample.
 - The designee will clip the required amount of hair from the student and place it in an envelope. The student will witness the sealing of the envelope, confirm his/her identification number and verify accuracy by initialing the envelope. The clippers or scissors must be wiped with an alcohol wipe before and after each collection.
 - At any time requested by the administration, based upon reasonable suspicion.
- C.** Any drug use test required by USD 325 under the terms of this policy will be administered by, or at the discretion of a professional laboratory chosen by USD 325, using scientifically validated toxicological methods. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the specimens, proper laboratory control, and scientific testing.
- D.** Students attending school sponsored activities may be required to submit to an alcohol breathalyzer test prior to entry to determine the presence of alcohol or at anytime requested by administration.
- E.** All aspects of the drug-testing program, including the taking of specimens, will be conducted in a manner to safeguard the personal and privacy rights of students to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure.
- F.** If the initial drug test is positive, the initial test result will then be subject to confirmation by a second test. The second test shall not be reported positive unless the second test is positive for the presence of an illegal drug or metabolite thereof.
- G.** If the second test confirms a positive result the laboratory will report the results to the Designated Employee Representative. The lab will then be responsible for contacting the parents of the student with the results and will solicit information regarding any medications the student may be taking. If needed, the school will contact a certifying scientist, at the laboratory, regarding any drug interactions. If requested, a Medical Review officer is available to confirm the results and report the findings to the designated Employee Representative.

H. The school district will rely on the professional opinion of the laboratory that performs the confirmation test in determining whether the positive test result was produced by something other than the consumption of an illegal drug, performance-enhancing drug, or alcohol. The principal and superintendent will make the decision within three (3) working days.

I. The decision may be appealed in writing to the USD 325 superintendent within three (3) working days. The superintendent will make a written decision within three (3) working days. During the time of this appeal, the student will not be eligible to attend, participate in, or compete in school sponsored activities.

J. The decision of the superintendent may be appealed in writing to the USD 325 Board of Education within three (3) working days. During the time of this appeal, the student will not be eligible to attend, participate in, or compete in school sponsored activities.

K. A student who has tested positive for illegal, performance-enhancing drugs, alcohol, tobacco, or vaping devices will be required to undergo one or more additional drug tests to confirm that the student is no longer using illegal, performance-enhancing drugs, alcohol, tobacco, or vaping devices. A student may participate in activities after his/her initial suspension is served. However, the student will need to pass a second test within two months of the suspension to maintain participation privileges. The cost of the retest will be the obligation of the student or the parent/guardian.

VIOLATIONS

Any student who tests positive in a drug/alcohol/nicotine use test under this policy shall be subject to the consequences listed below. Violations under this drug testing policy are cumulative throughout 2 years, grades 7-12 and start over every two (2) school years.

➤ **1ST OFFENSE** – The student shall be suspended from participation in or attending all school sponsored activities including all performances and competitions for a period of thirty (30) school/activity days. During this time it is recommended that the parent/guardian obtain a substance abuse evaluation and education/counseling for the student. If the student and/or parent/guardian can provide proof of enrollment and regular attendance at a school approved substance abuse program, the suspension will be reduced to fifteen (15) school/activity days.

➤ **2nd OFFENSE** - The student shall be suspended from participation in or attending all school sponsored activities, including all performances and competitions, for a period of ninety (90) school/activity days. During this time it is recommended that the parent/guardian obtain a substance abuse evaluation and education/counseling for the student. If the student and/or parent/guardian can provide proof of enrollment and regular attendance at a school-approved substance abuse program, the suspension will be reduced to fifty (50) school/activity days.

➤ **SUBSEQUENT OFFENSES** – The student shall be suspended from participation in or attending all school sponsored activities, including all performances and competitions, for one hundred and eighty (180) school/activity days.

REFUSAL TO SUBMIT TO A DRUG TEST

Any student in the pool who refuses to submit to a drug/alcohol test authorized under this policy shall be considered “POSITIVE” for drugs and be subject to the appropriate suspension as stated previously in the USD 325 Student Drug Testing Policy.

TRANSFER STUDENTS

Any student transferring to USD 325 who wishes to participate in or attending school sponsored activities must have a signed “Student Drug Testing Consent Form” on file with the principal’s office within three (3) school days of his/her initial enrollment.

DISCLAIMER

The Phillipsburg USD #325 Student Drug Testing Policy does not supersede the student handbooks of Phillipsburg High School with regard to students found to be in possession of, using, providing, or under the influence of illegal substances or alcohol while on school property or at a school activity (home or away). Therefore, a student who violates the policy as set forth in the student handbooks should expect further consequences as deemed appropriate by the building principal.

ATTENDANCE POLICY

Research shows that the single greatest factor contributing to student achievement is attendance at school. Although we realize that there will be occasions when students legitimately need to be gone from school, it is the combined responsibility of school officials, students, and parents to see that these absences are kept to a minimum.

ABSENCES

Once a student has accumulated ten absences (excused or unexcused) per semester, any additional absences will be considered unexcused and handled as an unexcused absence, including vacations or trips. Exceptions to this policy are absences, which can be verified by a physician, and other situations which the administration has determined to be emergencies. Disciplinary action will be taken as a result of an unexcused absence. The student will be required to make up unexcused time beyond the ten absences. This will be determined by the administration. If an eighth grader has unexcused absences beyond the ten absences, he/she will be required to make up the time prior to leaving the middle school or detentions will be carried over to the high school as freshman.

Note: This policy does NOT automatically excuse a student for his/her first ten absences from school, as the administration has the final authority to determine whether or not any absence will be excused.

Acceptable Reasons for Excused Absences (by phone or note)

1. Personal illness
2. Serious illness or death of a family member
3. Emergencies calling for the student's services or presence at home
4. Obligatory religious observations
5. Participation in a district-approved or school sponsored activity.

Again, school administrators will have the final authority to determine whether or not an absence is excused. ISS days may be used to subtract a large number of detentions owed. This will be determined by the principal on a case by case basis.

Consequences for Unexcused Absences

- 1-2 Periods= 1 Lunch Detention
- 3-4 Periods= 2 Lunch Detentions
- 5-6 Periods= 3 Detentions
- 7-8 Periods= 4 Detentions
- 9-10 Periods= 5 Detentions
